

AAC Bravo

Flax

AAC Bravo is a flax variety with European heritage that provides very competitive yield, large seed size and great standability. AAC Bravo is adapted across the flax production areas of Western Canada.

YIELD PERFORMANCE

Source: seed.ab.ca, Sask. Seed 2017, Seed Manitoba 2017

Parentage: Flanders/Pacific

Yield
(Western Canada)

97 – 104%*

Maturity

• Late

Disease Resistance

• MR to powdery mildew and fusarium wilt

Harvestability

• Short straw
• Good lodging resistance
• Large seed size

* Percentage of check
